

## WHALEHAVEN

A TRIUMPH OF NATURE  
HERMANUS

# CONSERVATION COAST PINOT NOIR 2016

### DESCRIPTION

A cool climate terroir driven wine. Purple edges with cherry red center. A bouquet of red cherries and white pepper develops into a velvety mid palate crammed with savoury and earthy notes. A wine that has a clean fresh finish. A Pinot noir experience.

### VARIETIES

100% Pinot Noir

### ORIGIN

Wine of origin Upper Hemel-en-Aarde

### DATE BOTTLED

12<sup>th</sup> September 2016

### VINEYARDS & TERROIR

The grapes come from ten-year-old PNI 15 and PNI 13 clone vines on north facing slopes. The vines experience, on average, 750mm of rain each year with south-easterly winds in the spring and summer and north-westerly winds in the autumn and winter. The soil is composed of a coarse gravel loam of decomposed granite and sedimentary gravel mix which overlays a saprophytic clay of weathered granite, whilst the top soil is a coarse loam with a medium gravel. Along with natural rainfall, the vines are supplemented with under vine micro jet irrigation every second row.

### VINIFICATION

The grapes were handpicked in the early morning on 28th January 2016 into 18kg lug boxes at a Balling of 23°. Once picked the grapes were placed in cold storage for overnight cooling at a temperature of 4°C. The following day the grape bunches were hand sorted before being destemmed and then placed on a vibrating sorting table for berry sorting to ensure only the highest quality. Thereafter the tank's cooling system is switched off, allowing for the grapes to warm up naturally before being inoculated with Briosio yeast at 30g/hl. Once begun, fermentation took 11 days to complete before the wine was pressed and left to settle for two days. Thereafter the wine was inoculated with MLF bacteria and moved to barrel for Malo-Lactic fermentation. Once complete, the wine is then racked and sulphurated before returning to barrel for a further 9-10 months of maturation before being filtered and bottled.

### ANALYSIS

pH 3.51

Residual sugar 2.7g/l.

Total acidity 5.3g/l

Alcohol 14.03%
